September 22, 2020

Honorable Mayor,
Board of Trustees,
Village Manager, and
the Citizens of Elk Grove Village, Illinois

The Comprehensive Annual Financial Report (CAFR) of the Village of Elk Grove Village, Illinois, for the fiscal year ended April 30, 2020 is hereby submitted. This report fulfills local and state laws requiring the Village to issue an annual report on its financial position and activity presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants.

This report consists of management's representations concerning the finances of the Village of Elk Grove Village. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Village. To provide a reasonable basis for making these representations, management has established internal controls to protect the Village's assets from loss, theft or misuse, and to compile sufficient, reliable information for the preparation of the Village's financial statements in conformity with GAAP. As the cost of internal controls should not outweigh the benefits, the Village's internal controls have been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this annual financial report is complete and reliable in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and the component unit of the Village.

The Village of Elk Grove Village's financial statements have been audited by the accounting firm of Lauterbach & Amen, LLP. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village for the fiscal year ended April 30, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and evaluating the overall financial statement presentation. The independent auditors concluded, based on the audit, that there was a reasonable basis for rendering an unmodified opinion that the Village's financial statements for the fiscal year ended April 30, 2020 are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This is required to present the financial position of a government and results of operations in a manner similar to that of a business. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Incorporated in 1956, the Village of Elk Grove is a home-rule community as defined by the Illinois Constitution. The Village operates under the council-manager form of government. This form of government combines the leadership and policy-making skills of elected officials with the professional administrative training of the Village Manager. Under this popular form of government, the elected representatives establish policies steering the Village's purpose, values, mission, and goals. It is the role of the Village Manager to implement those policies in an efficient and effective manner.

Located approximately 22 miles northwest of the City of Chicago, Elk Grove Village has a land area of 11.6 square miles with approximately 136 miles of streets. The Village provides a full range of services to its citizens including police and fire protection, health and social services, water and sewer utilities, planning and zoning, the construction and maintenance of streets and infrastructure, and general administrative services.

The financial reporting entity of the Village of Elk Grove is comprised of all the funds of the primary government (the Village of Elk Grove as legally defined), and its component unit, the Elk Grove Village Public Library.

The Library was determined to be a component unit because, under the reporting entity criteria, the Library is fiscally dependent upon the Village. The Library is reported as a discretely presented component unit. As such, the Library, in its entirety, is reported in a separate column on the basic financial statements. This is to emphasize the fact that the Library is legally separate from the Village and to differentiate the Library's financial position and results of operations from those of the Village.

In addition, under the Governmental Accounting Standards Board (GASB) Statement No. 14, the Suburban Liability Insurance Pool (SLIP) is defined as a public entity risk pool. The Village's participation in SLIP is accounted for accordingly.

The Village Board is required to adopt a final budget no later than the close of the fiscal year. The Village maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Village's governing body. The level of budgetary control, or the level at which expenditures cannot legally exceed the budgeted amount, is established at the department level. Any budget revisions altering the total budget for a department must be approved by the Village Board of Trustees. Encumbrances lapse at year-end and, if approved, are included in the following year's budget.

Local Economy

Located adjacent to O'Hare International Airport, Elk Grove Village is an integral component of the Chicago metropolitan regional economy. A planned community with approximately 33,000 residents, Elk Grove Village is home to the largest consolidated business park in North America with over 62 million square feet of industrial inventory and 100 million square feet of commercial space Village-wide. Elk Grove's business community is diverse, with major employers representing a broad range of industries including technology, manufacturing, retail, health care, warehousing, data centers and logistics.

Historically, the Business Park has been a destination for manufacturing and has the second highest number of manufacturing jobs in the State of Illinois. The greater Elk Grove Village area accounts for half of Illinois' annual exports.

The Elk Grove Village Business Park is part of the O'Hare Industrial Market. The Village's 62 million square feet of industrial space represents almost half of the entire O'Hare Market. The Village's vacancy rate for the Business Park was 4.07% at the end of the second quarter of 2020, while the O'Hare Market was 4.89%.

Elk Grove Village is a proactive and business-friendly community that values its corporate residents and works diligently to support their growth. The Village consistently invests in the modernization of its business environment while maintaining the lowest local property tax rate for any northwest Cook County municipality.

Elk Grove Village's competitive business advantages include:

- A business friendly environment;
- A fair, predictable and equitable regulatory environment;
- Proximity to O'Hare International Airport and the City of Chicago;
- Convenient access to Interstates 90, 290, 294, 355 and Illinois Route 390;
- Extensive freight rail service throughout the Business Park; and
- Highly educated and creative workforce.

Village staff communicate regularly with state economic development officials, utility companies, workforce development professionals, real estate development professionals and educational institutions throughout the area to help ensure the continued growth of this important economic base, which employs nearly 100,000 people. To this end, 2019 was a strong year for business development in Elk Grove Village. Private sector construction investment totaled nearly \$130 million in 2019. The Village's business-friendly attitude and focus on technology and infrastructure has paid dividends in attracting business investment. In 2020, major expansions and relocations within the Business Park include Microsoft, Screen Americas, T5 Data Center, Home Depot, and Brett Anthony Foods.

Business development in 2020 is off to a strong start despite the COVID-19 complications. In the first half of 2020, the Village issued permits for \$70 million in new business construction value in the Village. Over 452,000 square feet involving several projects are planned for construction in 2020.

Long-Term Financial Planning

The Village maintains an aggressive economic development strategy to preserve the favorable economic base currently enjoyed by the Village. The Village is proactive and responsive to the needs of its commercial and industrial businesses, and works to enhance communications between industry and government. The Director of Business Development and Marketing promotes the Village as an excellent location for business due to its proximity to O'Hare International Airport, City of Chicago and access to all forms of transportation. The Village continues to develop a plan for future commercial development.

The Village annually updates a five-year Capital Plan to assist in budgetary preparation for large capital projects. For a project to be included in the Capital Plan, it must involve the creation or purchase of a tangible asset with an original cost that exceeds \$25,000 and has a useful life of more than one year. Most projects in the Capital Plan include infrastructure enhancements.

Relevant Financial Policies

Village policy provides for a five-month reserve of current year general fund budgeted expenditures. Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, and obligations of the

U.S. Government and its agencies. The Village's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. These funds are invested in government securities and certificates of deposit. Despite the downturn in the economy at the end of the fiscal year, the Village continues to maintain a five-month reserve.

The Village participates in the Suburban Liability Insurance Pool (SLIP). As one of the four founding members, SLIP began its second year of the inaugural term in calendar year 2020. The purpose of SLIP is to act as a joint self-insurance pool to provide comprehensive insurance coverage. SLIP members participate on three year terms and provide the option of accepting new members. Notable lines of coverage provided by SLIP include general liability, property, and excess liability. The policy provides \$11,000,000 liability coverage in excess of a \$2,000,000 self-insured retention. The retention is covered by each member in the form of primary insurance or self-insurance.

The Village maintains a limited self-insurance program for liability coverage, workers' compensation, and health benefits for both employees and retirees. An integral part of the Village's self-insurance program is an emphasis on loss prevention. A safety committee, comprised of employee representatives from each department, meets quarterly to review accident and injury reports involving employees. This committee makes recommendations and suggestions to improve and promote workplace safety.

Although the Village previously held a credit rating of Aa1 from Moody's, the Village obtained a rating of AA+ as of August 2017 from Standard & Poor's in anticipation of issuing government obligation bonds for the Elk Grove 2025 Long Range Infrastructure Plan as described on the next page.

Major Initiatives

For Fiscal Year 2020

Fiscal year 2020 was another successful year for infrastructure projects and funding assistance. The Village continued the completion of the Elk Grove 2025 Long Range Infrastructure Plan which includes work to finalize two new Fire Stations and street rehabilitation of University Lane. The Village is extremely appreciative of the federal and state grants received and the services they make possible. Grants continue to be pursued so that the Village can offer the best possible public services at the lowest cost. Significant projects completed include:

- Replacement of 1.14 miles of water main on Tanglewood Drive and Clearmont Drive;
- Resurfaced 5.8 miles and reconstructed .75 miles of residential roadways;
- Removed and replaced deteriorated curbs and sidewalks totaling 5.3 miles and 2.4 miles, respectively;
- Installed 4,135 feet of storm sewer pipe to alleviate flooding behind 133 residential properties, as part of the year yard drainage program;
- Restored the landscaping at the Biesterfield Road and I-290 interchange;
- Rohlwing Road Corridor Enhancements: and
- Rehabilitation of Pump House 2 and 6.

For the Future

As Elk Grove Village's leaders have committed themselves to preserving the Village's quality of life, the Village will continue to invest in its future through various long-term programs and policies that will ensure the Village's status as an "Exceptional Community." The Elk Grove 2025 long range capital plan continues to meet these goals. The plan includes public facility improvements, road improvements, streetscaping, bicycle/pedestrian projects, and drainage projects. Notable projects still scheduled to be completed include:

- New left turn lanes along Arlington Heights Road;
- Meacham Road. & Biesterfield Road Pedestrian Improvements;
- Roadway rehabilitation of Vermont Drive, Newberry Drive & Gibson Drive;
- Brickvale Drive, Wellington Avenue and Leicester Road Bridge Replacements
- Construction of a new Clearmont Pedesrian Bridge
- Regulatory Sign Replacement Program; and
- Streetscape and lighting improvements on major roads.

In addition, the Village continues its plans to modernize and improve other existing infrastructure with projects such as the:

- Continued replacement of aging water mains throughout the Village;
- Rehabilitation of Village sanitary lift stations;
- Continuation of the annual storm water improvement program;
- Continued replacement of trees removed lost to disease and damaged during storms;
- Maintenance and replacement of vehicles and equipment; and
- Continuation of annual resurfacing of public roadways and replacement of curbs, gutters and sidewalks.

Business Leaders Forum

Some notable Business Leaders Forum (BLF) projects for fiscal year 2020 include:

- Resurfaced 3.40 lane miles of Business Park streets;
- Cleared and restored 6.2 acres of ditches throughout the Business Park to improve storm water flow;
- Construction of Louis Avenue Culvert Improvement Project; and
- Oakton & Lively Traffic Signal Relocation.

The BLF Program is funded with a 3% tax on all telecommunications and \$0.01 per therm tax on natural gas use. In addition to this funding, the BLF Program has received over \$30 million in federal, state, and county funding for numerous transportation improvements within the Business Park.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village for its Comprehensive Annual Financial Report for the fiscal year ended April 30, 2019. This was the thirty-sixth consecutive year the Village has received this prestigious award.

To be awarded a Certificate of Achievement, the Village must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. The April 30, 2019 report satisfied both generally accepted accounting principles and applicable legal requirements. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

A Certificate of Achievement is valid for only one year. I believe the Village's Comprehensive Annual Financial Report for the fiscal year ended April 30, 2020 continues to meet the Certificate of Achievement Program's requirements, and will be submitting it to the GFOA to determine its eligibility for another certificate.

In closing, I would like to express my sincere gratitude to all members of the Finance Department who directly assisted and contributed to the preparation of the Comprehensive Annual Financial Report. Each member of the department has my sincere appreciation for their contributions made in the preparation of this report.

I also wish to express my appreciation to the Mayor, Board of Trustees, and the Village Manager for their leadership and continued support which made the preparation of this report possible.

Respectfully submitted,

Christine Tromp

Executive Director/CEO

INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITORS' REPORT

September 22, 2020

The Honorable Village Mayor
Members of the Board of Trustees
Village of Elk Grove Village, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Elk Grove Village, Illinois, as of and for the year ended April 30, 2020, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Elk Grove Village, Illinois, as of April 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Elk Grove Village, Illinois' basic financial statements. The introductory section, other supplementary information, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Lauterbach & Amen, LLP

LAUTERBACH & AMEN, LLP

GENERAL PURPOSE EXTERNAL FINANCIAL STATEMENTS

Management's Discussion & Analysis (MD&A)

The objective of the Management Discussion & Analysis (MD&A) is to provide the reader a narrative overview and analysis of the financial activities of Elk Grove Village for the fiscal year ended April 30, 2020. The information presented here should be considered in conjunction with the Letter of Transmittal, which can be found in the introductory section of this report.

Financial Highlights

- The Village's net position decreased by \$3.11 million during fiscal year 2020. The governmental activities net position decreased by \$1.91 million and the business-type activities net position decreased by \$1.20 million.
- The fund balance of the Village's Governmental Funds increased by \$2.40 million during fiscal year 2020.
- At the end of current fiscal year, the unassigned fund balance of the General Fund was \$28.87 million or 51.9% of General Fund expenditures.

Overview of the Financial Statements

Government-wide statements provide information on the finances of the Village as a whole; whereas fund financial statements provide a snapshot look at Village resources that have been segregated for a specific purpose. Together, these statements allow for in-depth, year-to-year comparison of Village financial activities and for comparison with the financial state of other governments. This report also contains supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

Government-wide financial statements provide readers with a broad overview of the Village's finances in a manner similar to a private-sector business. These statements combine and consolidate short-term, consumable resources with capital assets and long-term obligations.

Statement of Net Position

The Statement of Net Position presents information on the Village's assets/deferred outflows and liabilities/deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may indicate whether the financial position of the Village is improving or deteriorating.

Statement of Activities

Comparable to a private sector business, all revenues and expenses are reported regardless of the timing of when cash is received or paid out. Both of the government-wide statements distinguish functions of the Village that are financed primarily by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges for service (business-type activities). The Village's governmental activities include general government, public safety, highways and streets, health services and community services. The business-type activities of the Village include the water and

sewer systems. The Village also reports, as a discretely presented component unit, the Village of Elk Grove Village Public Library.

The government-wide financial statements can be found on pages 25 through 28 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village uses fund accounting to ensure compliance with finance-related legal requirements and demonstrate fiscal accountability. Fund financial statements provide detailed information about the Village's individual funds rather than the Village as a whole.

The Village has three types of funds: Governmental Funds, Proprietary Funds and Fiduciary Funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Governmental fund financial statements focus on the current inflows and outflows of spendable resources and the balance of spendable resources available at the end of the fiscal year. The governmental funds Balance Sheet provides a reconciliation to the Statement of Net Position while the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance provides a reconciliation to the Statement of Activities.

The Village maintains fourteen governmental funds. Information is presented separately in the governmental funds Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance for the General Fund, Business Leaders Forum Fund, Debt Service Fund, Capital Projects Fund, Grove Mall Redevelopment Fund, Busse/Elmhurst Redevelopment Fund and Higgins Road Redevelopment Fund. The seven non-major funds are presented in the aggregate in the governmental fund financial statements. The individual fund information is presented in combining statements.

The Village adopts an annual appropriated budget for all governmental funds. Budgetary comparison statements have been provided for analytical purposes and to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 29 through 34 of this report.

Proprietary Funds

The Village maintains two types of proprietary funds: enterprise and internal service. Enterprise funds are used to report equivalent type functions presented as business-type activities in the government-wide statements. The Village uses enterprise funds to account for water and sewer

operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Village's various functions. The Village uses an internal service fund to account for the acquisition of vehicles and equipment with a minimum cost of \$50,000 and an estimated useful life of five or more years. These acquisitions are financed through a cost reimbursement to the Capital Replacement Fund from the appropriate account of the Village function.

Proprietary funds provide the same type of information as the government-wide financial statements only in more detail. Information for the operation of the water and sewer system is provided separately, as it is considered a major fund of the Village. Information on the internal service fund is also provided in the proprietary fund financial statement.

The basic proprietary fund financial statements can be found on pages 35 through 38 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the primary government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's programs. The Village maintains two fiduciary funds: Police Pension Fund and Fire Pension Fund.

The fiduciary fund financial statements can be found on pages 39 through 40 of this report.

Note to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found on pages 41 through 98 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, including information concerning the Village's progress in funding its obligation to provide pension benefits and other post-employment benefits to its retirees, as well as budgetary comparison schedules for the General Fund and the Business Leaders Forum Fund. Required supplementary information can be found on pages 99 through 113 of this report.

The combining and individual fund statements, schedules for non-major governmental funds, enterprise funds, internal service funds, and fiduciary funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 114 through 149 of this report.

Government-Wide Financial Analysis

Statement of Net Position

The following analysis reviews the net position and expenditures of government activities and business-type activities separately. The table below represents a condensed Statement of Net Position. For comparison purposes, the prior fiscal year is provided.

Statement of Net Position						
As of April 30, 2020						
(in Millions)						
	Governmental		Business Type		Total Primary	
	Activities		Activities		Government	
	2020	2019	2020	2019	2020	2019
Assets						
Current and Other Assets	83.38	84.17	43.38	49.64	126.76	133.81
Capital Assets	200.16	199.75	52.08	49.35	252.24	249.10
Total Assets	\$ 283.54	\$ 283.92	\$ 95.46	\$ 98.99	\$ 379.00	\$ 382.91
Deferred Outflows of Resources	35.90	29.36	0.25	1.04	36.15	30.40
Liabilities						
Long-Term Liabilities	234.69	220.40	29.66	31.97	264.35	252.37

Total Liabilities	\$ 245.57	\$ 234.83	\$ 32.70	\$ 36.21	\$ 278.27	\$ 271.04
Deferred Inflows of Resources	43.71	46.38	0.56	0.17	44.27	46.55
Net Position						
Invested in Capital Net of Debt	109.68	105.09	21.76	22.12	131.44	127.21
Restricted	25.71	46.32	-	-	25.71	46.32
Unrestricted	(105.23)	(119.34)	40.69	41.53	(64.54)	(77.81)
Total Net Position	\$ 30.16	\$ 32.07	\$ 62.45	\$ 63.65	\$ 92.61	\$ 95.72

The Village's \$3.11 million decrease in total net position was the result of a decrease in governmental activities net position of \$1.91 million and business-type activities net position decrease of \$1.20 million.

The decrease in net position of governmental activities was primarily attributable to a significant increase of approximately \$23 million of long-term liability due to Fire and Police Pensions. Overall, General Fund revenue was approximately \$1.28 million higher than originally anticipated. The higher revenue is largely attributed to state-shared revenues. State-shared sales tax, PPRT, and income tax receipts exceeded projections by \$1.42 million. Additionally, real estate transfer tax receipts exceeded budgeted amounts by \$0.69 million. Telecommunication taxes exceeded estimates by \$0.80 million. Furthermore, revenues from interest on investments and miscellaneous revenue were higher than anticipated due to stable economic conditions.

The decrease in net position of business-type activities is primarily attributable to an increase in operating expenses in the water division. Operating expenses increased by \$3.28 million from fiscal year 2019, partially due to a balance of investment reclassification related to JAWA. In fiscal year 2013, the Village issued \$36.79 million in General Obligation Bonds, retired by the Waterworks and Sewerage Enterprise Fund in fiscal year 2020, to address various sanitary and storm water infrastructure issues.

Changes in Net Position

The following table summarizes the revenue and expenses of the Village's activities for the current and previous fiscal year. The Village's total revenues decreased by \$0.44 million while the cost of all programs increased by \$16.10 million. The increase in cost is largely driven by an increase in pension liabilities for Police and Fire, and a significant decrease in capitalized assets.

**Changes in Net Position

Governmental Activities

Revenue

For the fiscal year ended April 30, 2020, revenues from Governmental Activities totaled \$87.66 million. This represents an increase of \$2.53 million from the prior fiscal year. Property taxes continue to be the Village's largest revenue source with receipts of \$28.69 million in fiscal year 2020. This represents an overall decrease of \$44,414 in property tax revenue over fiscal year 2019. Property tax revenues support governmental activities, debt service obligations, and state mandated contributions to the Fire and Police Pension Funds, as well as IMRF and FICA. The 2019 property tax rate for the Village of Elk Grove was \$0.825 per \$100 of Equalized Assessed Value. The total assessed value of properties within the Village was \$2.24 billion, an increase of 17.0% from the prior year, due to the establishment of the new Elk Grove Tech Park.

Sales and use taxes comprise the Village's second largest revenue source. The taxes slightly decreased from \$16.68 million in fiscal year 2019 to \$16.59 million in fiscal year 2020. Overall, general revenues increased by \$0.40 million. Other revenues for the Village such as utilities and telecommunications also experienced increases for a combined \$1.59 million, while others like investment income experienced decreases for a combined \$1.05 million.

Expenses

The Village’s expenses for governmental activities in fiscal year 2020 totaled \$89.58 million. This represents an increase of \$10.87 million from \$78.71 million in fiscal year 2019.

Public safety (police and fire) expenses identified under governmental activities accounted for the largest share of the total fiscal year 2020 expenses at \$53.01 million. Highway and street expenses (public works and engineering) accounted for \$16.59 million.

Expenditures for the General Fund, the Village’s main operating fund totaled \$55.63 million, an increase of \$2.30 million over fiscal year 2019. The increase is primarily the result of additional street-resurfacing authorized to supplement reduced MFT funding from the last several years. Overall, the majority of General Fund expenditures are related to personnel including salaries, health care benefits and pension costs which represent \$46.46 million or 83.5%.

Business-Type Activities

Revenue

Total revenues for business-type activities decreased by \$2.97 million in fiscal year 2020. This decrease is significantly attributed to a reduction in charges for services for metered water. Water use decreased due to the closing of a car wash business as well as the closing of non-essential businesses due to COVID-19.

Expenses

Expenses from business-type activities increased by approximately \$5.23 million to \$25.03 million from \$19.80 million in the prior fiscal year. Much of the increase is due to increased capital outlay expenditures and a termination of joint venture in the Water/Sewer Fund.

Financial Analysis of Village Funds

Governmental Funds

The Village's governmental funds provide information on near-term inflows, outflows and balances of spendable resources. In fiscal year 2012, the Village implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which redefined components of the fund balance. The unassigned fund balance indicates resources unavailable for spending that are considered non-spendable, restricted, committed or assigned. The unassigned fund balance also reflects the five-month reserve for the General Fund.

As of April 30, 2020, the governmental funds had a combined fund balance of \$48.12 million. This reflects a \$2.40 million increase from the prior fiscal year balance of \$45.72 million. The increase in the governmental funds fund balance is largely attributable to excess of revenues over expenditures in the General Fund.

The General Fund is the main operating fund for the Village and normally the largest of the governmental funds. The General Fund is comprised of the resources and expenditures traditionally associated with municipal government such as general government, public safety, highway and streets and health services. The General Fund fund balance increased by \$2.57 million for an ending balance of \$35.24 million as of April 30, 2020. The General Fund continues to meet the Village's fund balance reserve policy of maintaining a reserve equivalent to five months of budgeted expenditures. Reserve fund draw-down must be approved by the Village Board and is intended to be used only for emergencies or severe economic disruptions.

The Business Leaders Forum Fund is used to account for the operations of the Village's industrial and commercial revitalization programs. Financing is provided by a portion of the tax assessed on telecommunication services. The fund balance increased by \$0.62 million in fiscal year 2020. Revenues in the Business Leaders Forum Fund were \$0.78 million more than fiscal year 2019 due primarily to the receipt of grant and miscellaneous revenues; moreover, telecommunications tax revenue increased by \$0.13 million from fiscal year 2019.

The Debt Service Fund represents the accumulated monies for payment on the Village's General Obligation Bonds. Financing is provided by the annual property tax levy. The fund balance for the Debt Service Fund decreased by \$0.07 million in fiscal year 2020 and ended the fiscal year with a balance of \$1.11 million.

The Capital Projects Fund encompasses purchases, maintenance or construction of major capital projects in the Village. Projects are financed by debt proceeds and federal and state grants. The fund balance decreased by \$1.23 million. The decrease was primarily attributable to continuing expenditures related to the Elk Grove 2025 program.

The Grove Mall Redevelopment Fund is used to account for the purchase, maintenance and redevelopment expenses associated with the Grove Mall property. Lower than anticipated expenditures resulted in a fund balance increase of \$0.35 million.

The Busse/Elmhurst Redevelopment Fund is used to account for the purchase, maintenance, and redevelopment expenses within the Busse/Elmhurst TIF. Property tax revenue and interest resulted in an amount of \$9.29 million. Expenditures totaled \$8.08 million resulting in an increase to fund balance to end the fiscal year with a deficit of \$14.02 million.

The Higgins Road Redevelopment Fund is used to account for the purchase, maintenance, and redevelopment expenses within the Higgins Road Corridor TIF. Property taxes revenue and interest resulted in the amount of \$0.18 million. Expenditures totaled \$2.30 million resulting in an increased deficit fund balance of \$19.98 million.

The non-major funds had an aggregate fund balance increase of \$1.01 million. The change in individual fund balances is presented in the combining statements, which can be found on pages 127 through 128. The increase is attributable to higher intergovernmental revenue and fines and forfeitures.

Proprietary Funds

The Waterworks and Sewerage Fund recorded a decrease of \$1.20 million in net position for fiscal year 2020. The decrease in net position of the business-type activities is primarily due to an inverse change of operating revenues and expenses resulting in a net income loss of \$3.86 million. The Waterworks and Sewerage Fund unrestricted net position and resources invested in capital assets amounted to \$40.69 million and \$21.76 million, respectively, for a total net position of \$62.45 million.

The Internal Service Fund experienced an increase in net position of \$0.56 million. The unrestricted net position and net position invested in capital assets totaled \$5.77 million and \$6.85 million, respectively, for a total net position of \$12.62 million.

General Fund Budgetary Highlights

General Fund For the Fiscal Year Ended April 30, 2020

	Original Budget	Final Budget	Actual
Revenues	\$56,914,396	\$56,914,396	\$58,194,648
Expenditures	58,333,774	58,613,499	55,627,838
Net Change in Fund Balance	(\$1,419,378)	(\$1,699,103)	\$2,566,810

Total tax revenues in the General Fund were higher than the projected amounts due to an increase in State-shared revenues in the amount of \$1.42 million over final revenue figures. Real Estate Transfer tax received exceeded the projected budget amount by \$69,337. Building permit revenue increased by \$140,699 over budgeted projections in fiscal year 2020. Interest on investments also exceeded budget projections by \$458,561 due to strong gains throughout fiscal year 2020.

In fiscal year 2020, the Village approved the following expenditure budget amendments to the General Fund during the year:

- An increase of \$279,726 to amend the fiscal year 2020 Budget for outstanding encumbrances from the fiscal year 2019 Budget.

Capital Assets

The following schedule reflects the Village's capital asset balances as of April 30, 2020.

Capital Assets As of April 30, 2020

	Governmental Activities	Business -Type Activities	Total
Land	\$ 12,855,525	\$ -	\$ 12,855,525
Building and Improvements	\$ 105,868,664	\$ 3,776,092	\$ 109,644,756

Licensed Vehicles	\$ 11,610,963	\$ 1,256,568	\$ 12,867,531
Infrastructure	\$ 132,935,191	\$ 72,494,686	\$ 205,429,877
Construction in Progress	\$ 48,225,720	\$ 5,486,362	\$ 53,712,082
Total	\$ 317,267,045	\$ 86,874,046	\$ 404,141,091
<i>Less:</i>			
Accumulated Depreciation	\$ 117,108,612	\$ 34,794,987	\$ 151,903,599
Total	\$ 200,158,433	\$ 52,079,059	\$ 252,237,492

Major Capital Asset Events During Fiscal Year 2020

- Replacement of 1.14 miles of water main on Tanglewood Drive and Clearmont Drive;
- Resurfaced 5.8 miles and reconstructed .75 miles of residential roadways;
- Removed and replaced deteriorated curbs and sidewalks totaling 5.3 miles and 2.4 miles, respectively;
- Installed 4,135 feet of storm sewer pipe to alleviate flooding behind 133 residential properties, as part of the year yard drainage program;
- Restored the landscaping at the Biesterfield Road and I-290 interchange;
- Rohlwing Road Corridor Enhancements; and
- Rehabilitation of Pump House 2 and 6.

See Note 3 on pages 63 through 65 for additional information on the capital asset activity of the Village.

Long-Term Debt

The table below summarizes the Village's bonded and similar indebtedness.

Bonded and Similar Indebtedness As of April 30, 2020 and 2019

	Governmental Activities		Business Type Activities		Total Primary Government	
	2020	2019	2020	2019	2020	2019

IMRF	1,125,442	7,745,249	189,573	1,291,559	1,315,015	9,036,808
Police	54,963,875	44,815,640	-	-	54,963,875	44,815,640
Fire	68,261,542	55,262,888	-	-	68,261,542	55,262,888
Total OPEB Liability	18,498,711	15,313,469	246,149	228,541	18,744,860	15,542,010
Total	\$ 226,049,570	\$ 210,627,246	\$ 29,805,722	\$ 32,020,100	\$ 255,855,292	\$ 242,647,346

As an Illinois home-rule municipality, the Village is not subject to any debt limitation. Although the Village previously held a credit rating of Aa1 from Moody's during fiscal year 2017, the Village obtained a rating of AA+ as of August 2017 from Standard & Poor's (S&P) due to issuing government obligation bonds for the Elk Grove 2025 Long Range Infrastructure Plan. In making the decision to rate Elk Grove Village, S&P noted that the Village has extremely competent management, strong budgetary performance, very strong economy, strong budgetary flexibility and liquidity. The stable outlook reflects the Village's structurally balanced financial operations and anticipation it will maintain very strong budgetary flexibility and liquidity. S&P also factors in unfunded pension liabilities of both the State of Illinois and local pensions when issuing bond ratings. See Note 3 on pages 66 through 69 for additional information on the long-term debt activity of the Village.

The Net Pension Liability reflects the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position. The Village has paid the full amount of the actuarially required contributions. During fiscal year 2020, the Village contributed \$1.55 million more than the combined Annual Pension Cost for the three pension funds to address long-term unfunded liabilities as provided through the implementation of an Electric Use Tax as adopted by the Village Board.

Economic Factors

Elk Grove Village continues to maintain its strong economic health, despite the COVID-19 complications to end fiscal year 2020. The fiscally responsible decisions made during the economic downturn of twelve years ago have attributed to the strong financial position the Village is in today. Additionally, the Village's Business Friendly attitude and focus on technology and infrastructure has paid dividends in attracting increased business investment.

The Village is located adjacent to O'Hare International Airport and is home to the largest consolidated business park (5.5 square miles) in North America with over 62 million square feet of industrial inventory. For the second quarter of 2020, the industrial vacancy rate of 4.01% represents one of the lowest in the O'Hare Industrial market. The vacancy rate has seen improvements over the past seven years; the current rate continues to represent a trend of historic lows. The business park is also home to the second highest number of manufacturing jobs in the State of Illinois, with the greater Elk Grove area accounting for half of Illinois' annual exports.

Furthermore, the Village's unemployment rate of 3.0% continues to stand below the State's average of 3.7% as of the end of 2019. The Village's top employers include Alexian Brothers Medical Center with 2,800 employees, Citicorp Credit Services with 1,607 and Tigerflex Corporation with 1,120.

The increase in business investment during fiscal year 2020 welcomed several new businesses and business expansions including Microsoft, Screen Americas, T5 Data Center, Home Depot, and Brett Anthony Foods. The Village has received national attention for its marketing and communication efforts related to its Business Park, largely driven by its sports marketing sponsorships including becoming "Official Dream Makers of USA Track and Field" in the 2020 Tokyo Olympic Games.

Contacting the Village's Financial Management

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability for the money it receives. VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended April 30, 2020

Net Change in Fund Balances - Total Governmental Funds \$ 2,398,051

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	8,187,673
Depreciation Expense	(5,919,543)
Disposals - Cost	(7,066,026)
Disposals - Accumulated Depreciation	4,669,355

The net effect of deferred outflows (inflows) of resources related to the pensions
not reported in the funds.

Change in Deferred Items - IMRF	(7,149,180)
Change in Deferred Items - Police Pension	8,384,605
Change in Deferred Items - Fire Pension	7,155,404
Change in Deferred Items - RBP	1,576,972

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Changes in Compensated Absences Payable	(129,063)
Changes in Net Pension Liability - IMRF	6,619,807
Changes in Net Pension Liability - Police Pension	(10,148,235)
Changes in Net Pension Liability - Fire Pension	(12,998,654)
Changes in Total OPEB Liability - RBP	(3,185,242)
Retirement of Debt	4,574,225
Amortization of Deferred Charges	(297,655)
Amortization of Premium	791,518

Changes to accrued interest on long-term debt in the Statement of Activities
do not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

57,200

Internal service funds are used by the Village to charge the costs of vehicle and equipment
management and employee compensated absences to individual funds.

The net revenue of certain activities of internal service funds is
reported with governmental activities.

562,803

Changes in Net Position of Governmental Activities

(1,915,985)

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Elk Grove Village (the Village), Illinois, is a municipal corporation governed by an elected mayor and six-member board of trustees. The Village’s major operations include police and fire protection, highways and streets maintenance and reconstruction, planning and zoning services, public improvements, economic development, water, sewer, stormwater management, and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village’s accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village’s financial reporting entity comprises the following:

Primary Government:	Village of Elk Grove Village
Discretely Presented Component Unit:	Village of Elk Grove Village Public Library

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, “the Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34,” and includes all component units that have a significant operational or financial relationship with the Village.

Police Pension Employees Retirement System

The Village’s sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village’s Mayor, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village’s police employees. The PPERS is reported as a pension trust fund.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

REPORTING ENTITY – Continued

Fire Pension Employees Retirement System

The Village's sworn firefighters participate in the Fire Pension Employees Retirement System (FPERS). FPERS functions for the benefit of those employees and is governed by a five-member pension board, with two members appointed by the Village's Mayor, two elected from active participants of the Fund, and one elected from the retired members of the Fund. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's sworn firefighters. The FPERS is reported as a pension trust fund.

Discretely Presented Component Unit

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending.

Elk Grove Village Public Library

The Elk Grove Village Public Library operates and maintains the public library within the Village. The Public Library's Board is elected by the voters of the Village. The Public Library may not issue bonded debt without the Village's approval, and its annual budget and property tax levy request are subject to the Village Board's approval. A financial benefit/burden relationship exists. The Library is presented as a governmental fund type. Separate audited financial statements for the Public Library may be obtained from the Public Library's offices at 1001 Wellington Avenue, Elk Grove Village, Illinois 60007.

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police and fire protection, highways and streets maintenance and reconstruction, planning and zoning services, public improvements, economic development, and general administrative services are classified as governmental activities. The Village's waterworks and sewerage services are classified as business-type activities.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements April 30, 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, highways and streets, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use, or directly benefit from foods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements
April 30, 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either have debt outstanding or a specific or community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains one major special revenue fund, the Business Leaders Forum Fund, which is used to account for the operations of the Village's investment in the Business Park. Financing is provided by a tax assessed on telecommunication services. The Village also maintains five nonmajor special revenue funds.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the payment of interest and principal on the Village's general long-term debt obligations for the governmental activities.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains four major and two nonmajor capital projects funds. The Capital Projects Fund, a major fund is used to account for the purchase, or construction of major capital projects in the Village. Projects are financed by federal and state grants and proceeds of General Obligations Bonds. The Grove Mall Redevelopment Fund, also a major fund, is used to account for the purchase, maintenance and redevelopment expenditures associated with the Grove Mall Property. The Busse/Elmhurst Redevelopment Fund, a major fund, is used to account for the purchase, maintenance, and redevelopment expenditures associated with the Busse/Elmhurst redevelopment project area. The Higgins Road Redevelopment Fund, a major fund, is used to account for purchase, maintenance, and redevelopment expenditures associated with the Higgins Road Corridor redevelopment project area.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

Enterprise Funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund, the Waterworks and Sewerage Fund, and is used to account for the provision of water and sewer services to the residents and businesses of the Village. All activities necessary to provide such services are accounted for in this fund, including administration, operations, maintenance, billing and collections.

Internal Service Funds are used to account for the financing of goods or services provided by an activity to other departments, funds or component units of the Village on a cost-reimbursement basis. The Village maintains one internal services fund. The Capital Replacement Fund is used to account for the acquisition of vehicles and equipment with a minimum cost of \$50,000 and estimated useful life of at least five years, financed by charges to the General Fund. This fund is reported as part of the governmental activities on the government-wide financial statements as it provides services to the Village's governmental funds/activities.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements April 30, 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Proprietary Funds – Continued

The Village's internal service fund is presented in the proprietary fund's financial statements. Because the principal users of the internal services are the Village's governmental activities, the financial statements of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity (general government, public safety, highways and streets, etc.).

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Pension Trust Funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force. The Fire Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's Fire Department.

The Village's pension trust funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party (pension participants) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements April 30, 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus – Continued

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary and pension trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the Village’s enterprise funds and of the Village’s internal service funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds “Statement of Cash Flows,” cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report utility charges as their major receivables.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Prepays/Inventories – Land Held for Resale

Prepays/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepays/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepays in both the government-wide and fund financial statements.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Internal service fund services provided and used are not eliminated in the process of consolidation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Capital Assets

Capital assets purchased or acquired with an original cost of \$50,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at acquisition value on the date donated.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements
April 30, 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	40 - 50 Years
Machinery and Equipment	10 - 20 Years
Vehicles	5 - 20 Years
Infrastructure	20 - 60 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement pursuant to the Village’s personnel rules and union contracts.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles, except the proprietary funds which adopt a current financial resources measurement focus budget in that depreciation is not budgeted and capital outlay is budgeted. Annual appropriated budgets are adopted for all funds. All annual appropriations lapse at fiscal year-end. During the year, several supplementary appropriations were necessary.

The Village follows the procedures noted below in establishing the budgetary data reflected in the financial statements.

- The Village Manager submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures/expenses and the means of financing them.
- Public hearings are conducted.
- The budget is legally enacted by approval of the Board of Trustees.
- The budget may be amended during the year by the Board of Trustees.
- The level of control (level at which expenditures may not exceed budget) is the department. Management may transfer amounts between line items so long as the total department budget is not revised. Budget amendments which increase the total amount of a department’s budget must be approved by the Village Board.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY – Continued

DEFICIT FUND BALANCES

The following funds had deficit fund balances as of the date of this report:

Fund	Deficit
Grove Mall Development	\$ 675,642
Busse/Elmhurst Redevelopment	14,022,556
Higgins Road Redevelopment	19,980,579
Devon/Rohlwing Redevelopment	272,672

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains separate cash accounts for each fund. In addition, investments are separately held by several of the Village’s funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds and the Illinois Metropolitan Investment Fund.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer’s Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements April 30, 2020

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

The deposits and investments of the Pension Funds are held separately from those of other Village funds. Statutes authorize the Pension Fund to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Funds Market Fund (Formerly known as IPTIP, Illinois Public Treasurer's Investment Pool), or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the Federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies; and separate accounts of life insurance companies and mutual funds, the mutual funds must meet specific restrictions, provided the investment in separate accounts and mutual funds does not exceed ten percent of the Pension Fund's plan net position; and corporate bonds managed through an investment advisor, rated as investment grade by one of the two largest rating services at the time of purchase. Pension Funds with plan net position of \$2.5 million or more may invest up to forty-five percent of plan net position in separate accounts of life insurance companies and mutual funds. Pension Funds with plan net position of at least \$5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan net position in common and preferred stocks that meet specific restrictions. In addition, pension funds with plan net position of at least \$10 million that have appointed an investment advisor, may invest up to fifty percent of its net position in common and preferred stocks and mutual funds that meet specific restrictions effective July 1, 2011 and up to fifty-five percent effective July 1, 2012.

Village – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental and business-type totaled \$30,350,000 and the bank balances totaled \$31,459,084.

Notes to the Financial Statements April 30, 2020

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Village limits its exposure to credit risk by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. At year-end, the Village's U.S. Agency obligations are all rated AA+ by Standard & Poor's, and the Village's investment in the Illinois Funds was rated AAAM and IMET was rated AAAF by Standard & Poor's.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Village Limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a three-year period. The investment policy limits the maximum maturity length of investments in the operating funds to three years from date of purchase. Investments reserve funds may be purchased with maturities to match future projects or liability requirements. In addition, the policy requires the Village to structure the investment portfolio so that securities mature to meet cash requirements for ongoing operation, thereby avoiding the need to sell securities on the open market prior to maturity.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federal depository insurance with the collateral held by an agent of the Village in the Village's name. At year-end all of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Village's agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the Village's name. The Village's investments in the Illinois Funds and IMET are not subject to custodial credit risk.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy does not specifically limit the amount of the Village's investments in any one investment vehicle, but does require general diversification of the portfolio. In addition to the securities and fair values listed above, the Village also has \$7,120,818 invested in mutual funds. At year-end, the Village does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk– Continued

Interest Rate Risk. In accordance with the Fund’s investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a one-year period. The investment policy does not limit the maximum maturity length of investments in the Fund.

Credit Risk. The Fund helps limit its exposure to credit risk by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. The U.S. Agency obligations were not rated. The corporate bonds are rated Aaa to Baa3 by Moody’s. The state and local obligations are rated Aa1 to Aa2 by Moody’s and AA by Standard and Poor’s. The Fund’s investments in money markets are not rated.

Custodial Credit Risk. For deposits, the investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federally depository insurance with the collateral held by an agent of the Fund in the Fund’s name. At April 30, 2020, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For investments, the Fund allows the investment broker to also serve as custodian, but requires the investment broker to acquire an excess SIPC policy to provide the same coverage over the portfolio as SIPC. The excess SIPC certificate must specifically name the Fund as the certificate holder of the policy.

Concentration Risk. The Fund’s investment policy in accordance with Illinois Compiled Statutes (ILCS) establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	35.00%	2.10%
Domestic Equities	38.00%	5.60%
International Equities	14.00%	5.80%
Real Estate	10.00%	5.00%
Annuities	2.00%	5.60%
Cash and Cash Equivalents	1.00%	0.70%

Notes to the Financial Statements April 30, 2020

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Concentration Risk – Continued. Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in May 2020 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding the expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of April 30, 2020 are listed in the table above.

In addition to the securities and fair values listed above, the Fund also has \$52,423,491 invested in mutual funds and \$1,342,803 invested in insurance contracts. At year-end, the Fund does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Rate of Return

For the year ended April 30, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (0.51)%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Fire Pension Fund – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Pension's deposits totaled \$1,643,727 and the bank balances totaled \$1,643,727.

In addition to the securities and fair values listed above, the Fund also has \$48,738,748 invested in mutual funds and \$613,151 invested in insurance contracts. At year-end, the Fund does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Rate of Return

For the year ended April 30, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (0.05%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested

PROPERTY TAXES

Property taxes for 2019 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1 and September 1 during the following year. The County collects such taxes and remits them periodically. Based upon collection histories, the Village has provided an allowance for uncollectible property taxes equivalent to 1% of the current year’s levy. All uncollected taxes relating to prior years’ levies have been written off.

LONG-TERM DEBT

General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental and business-type activities. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

Issue	Fund Debt Retired by	May 1 Balances	Issuances	Retirements	April 30 Balances
\$31,845,000 General Obligation Bonds of 2012, due in annual installments of \$925,000 to \$2,765,000 plus interest at 1.50% to 4.00% through January 1, 2028.	Debt Service	\$ 23,535,000	-	2,310,000	21,225,000
\$36,790,000 General Obligation Bonds of 2013, due in annual installments of \$1,005,000 to \$2,115,000 plus interest at 1.00% to 5.00% through January 1, 2038.	Waterworks and Sewerage	30,500,000	-	1,130,000	29,370,000
\$53,370,000 General Obligation Bonds of 2017, due in annual installments of \$1,015,000 to \$4,015,000 plus interest at 4.00% to 5.00% through January 1, 2038.	Debt Service	52,355,000	-	1,855,000	50,500,000
\$11,600,000 General Obligation Bonds of 2017A, due in annual installments of \$120,000 to \$3,270,000 plus interest at 4.00% to 5.00% through January 1, 2031.	Debt Service	11,600,000	-	125,000	11,475,000

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

**Notes to the Financial Statements
April 30, 2020**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Long-Term Liability Activity – Continued

For the governmental activities, payments on the compensated absences, the net pension liability, and the total OPEB liability are made by the General Fund. The general obligation bonds are being liquidated by the Debt Service Fund. The Devon/Rohlwing Redevelopment Fund makes payments on the redevelopment note payable.

For business-type activities, the Waterworks and Sewerage Fund makes payments on the compensated absences, the net pension liability, the total OPEB liability, and the general obligation bonds.

Redevelopment Limited Obligation Note Payable

The Village entered into an agreement with certain developers regarding TIF improvement projects. The Village agreed to pledge incremental real estate taxes to secure a note issued to developers to defray the costs of TIF improvements paid for by the developers. The note was issued for the maximum amount of \$4,250,000 in fiscal year 2005. Interest accrues at 8% annually and is added to the principal balance. As stated above, repayment of the note payable will be based on incremental real estate taxes received. Since these amounts are not determinable, there is no debt service to maturity schedule.

Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin.

“The General Assembly may limit by law the amount and require referendum approval of debt to the incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts.”

To date the Illinois General Assembly has set no limits for home rule municipalities. The Village is a home rule municipality.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements
April 30, 2020

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

NET POSITION/FUND BALANCES

Fund Balance Classifications

In the governmental funds' financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) the Director of Finance to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Village's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Village's policy manual states that the General Fund should maintain a minimum unassigned fund balance equal to four months of budgeted operating expenditures, excluding Police and Fire Pension Fund reporting requirements.

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; employee health; natural disasters; and injuries to the Village's employees. These risks, along with medical claims for employees and retirees, are provided for through a limited self-insurance program. The Village is self-insured for the first \$50,000 for property claims, \$200,000 for general liability claims, and auto liability, \$200,000 per employee for medical claims, \$200,000 for errors and omissions and \$600,000 for workers' compensation claims. Commercial insurance is carried for amounts in excess of the self-insured amounts. There has been no significant reduction in coverage in any program from coverage in the prior year. For all programs, settlement amounts have not exceeded insurance coverage for the current or two prior years. The Village's self-insurance activities are reported in the General, Business Leaders Forum, Cable Television and Waterworks and Sewerage Funds.

Risks for medical and death benefits for employees and retirees are provided for through the Village's participation in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC acts as an administrative agency to receive, process and pay such claims as may come within the benefit program of each member. IPBC maintains specific reinsurance coverage for claims in excess of \$50,000 per individual employee participant. The Village pays premiums to IPBC based upon current employee participation and its prior experience factor with the pool. Current year overages or underages for participation in the pool are adjusted into subsequent years' experience factor for premiums.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements
April 30, 2020

NOTE 4 – OTHER INFORMATION – Continued

RISK MANAGEMENT – Continued

Premiums are paid into the Claims Liability and in the Waterworks and Sewerage Funds based upon historical cost estimates. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Reported liabilities are actuarially determined and include an amount for claims that have been incurred but not reported. The total claims liability as of April 30, 2020 was \$610,435.

Changes in the balances of claims liabilities during the fiscal year are as follows:

	Liability	Workers' Compensation	Medical	Totals
Claims Payable - April 30, 2018	\$ 146,468	524,858	-	671,326
Incurred Claims	351,080	232,869	-	583,949
Claims Paid	-	(19,962)	-	(19,962)
Claims Payable - April 30, 2019	497,548	737,765	-	1,235,313
Incurred Claims	16,147	427,252	-	443,399
Claims Paid	(447,505)	(620,772)	-	(1,068,277)
Claims Payable - April 30, 2020	66,190	544,245	-	610,435

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village’s attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

Financial Impact from COVID-19

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Village’s operations and financial position cannot be determined.

COMMITMENTS

Sales Tax Agreements

The Village of Elk Grove has entered into a tax rebate agreement with a local corporation under Village code. Under this agreement, the Village rebates a portion of sales taxes. For the fiscal year ended April 30, 2020, the Village rebated a total of \$148,453 in taxes under this agreement.

Northwest Suburban Municipal Joint Action Water Agency (JAWA)

The Village’s water purchase contract with the Northwest Suburban Municipal Joint Action Water Agency (JAWA) provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

The Village has committed to purchase water from JAWA. This agreement expires in 2022, with minimum amounts of gallons required for purchase every five years. The Village expects to pay the following amounts to JAWA:

Fiscal Year	Amount
2021	\$ 2,166,426
2022	<u>2,166,426</u>
	<u><u>4,332,852</u></u>

These amounts have been calculated using the Village’s current water allocation percentage of 16.50%. In future years, this allocation percentage will be subject to change.

Solid Waste Agency of Northern Cook County (SWANCC)

The Village’s contract with the Solid Waste Agency of Northern Cook County (SWANCC) provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

COMMITMENTS – Continued

Solid Waste Agency of Northern Cook County (SWANCC) – Continued

The Village has committed to make payments to SWANCC. The Village expects to pay the following minimum amounts:

Fiscal Year	Amount
2021	<u>\$ 552,348</u>

These amounts have been calculated using the Village’s current allocation percentage of 4.38%. In future years, this allocation percentage will be subject to change.

JOINTLY GOVERNED ORGANIZATION

Northwest Suburban Municipal Joint Action Water Agency (JAWA)

The Village is a member of the Northwest Suburban Municipal Joint Action Water Agency (JAWA) which consists of seven municipalities. JAWA is a municipal corporation and public body politic and corporate established pursuant to the Intergovernmental Cooperation Act of the State of Illinois. JAWA is empowered to plan, construct, improve, extend, acquire, finance, operate and maintain a water supply system to serve its members and other potential water purchasers.

The seven members of JAWA and their percentage shares as of April 30, 2020 are as follows:

	Percent Share
Village of Elk Grove Village	17.82 %
Village of Hanover Park	8.80
Village of Hoffman Estates	15.60
Village of Mount Prospect	12.34
City of Rolling Meadows	8.07
Village of Schaumburg	26.86
Village of Streamwood	10.51
	<u>100.00</u>

**Notes to the Financial Statements
April 30, 2020**

NOTE 4 – OTHER INFORMATION – Continued

JOINTLY GOVERNED ORGANIZATION – Continued

Northwest Suburban Municipal Joint Action Water Agency (JAWA) – Continued

These percentage shares are based upon formulae contained in the water supply agreement and are subject to change in future years based upon consumption by the municipalities.

The members form a contiguous geographic service area which is located 15 to 30 miles northwest of downtown Chicago. Under the Agency Agreement, additional members may join JAWA upon the approval of each member.

JAWA is governed by a Board of Directors which consists of one elected official from each member municipality. Each Director has an equal vote. The officers of JAWA are appointed by the Board of Directors. The Board of Directors determines the general policy of JAWA, makes all appropriations, approves contracts for sale or purchase of water, provides for the issuance of debt, adopts bylaws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the Agency Agreement or the bylaws.

Complete financial statements can be obtained from the Northwest Suburban Municipal Joint Action Water Agency, 901 Wellington Avenue, Elk Grove Village, Illinois 60007.

JAWA has entered into Water Supply Agreements with the seven-member municipalities for a term of 40 years, extending to December 31, 2022. The Agreements are irrevocable and may not be terminated or amended except as provided in the General Resolution. Each member is obligated, on a “take or pay” basis, to purchase or in any event to pay for a minimum annual quantity of water.

JAWA has entered into an agreement with the Village of Chicago under which the Village has agreed to sell quantities of lake water sufficient to supply the projected water needs of JAWA through the year 2020.

The obligation of the Village to make all payments as required by this agreement is unconditional and irrevocable, without regard to performance or nonperformance by JAWA of its obligations under this Agreement.

The payments required to be made by the Village under this Agreement shall be required to be made solely from revenues to be derived by the Village from the operation of the Water System. Members are not prohibited by the Agreement, however, from using other available funds to make payments under the Agreement. This Agreement shall not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

The obligation of the Village to make payments required by this Agreement from revenues of the Water System shall be payable from the operation and maintenance account of the Water Fund.

NOTE 4 – OTHER INFORMATION – Continued

JOINTLY GOVERNED ORGANIZATION – Continued

Northwest Suburban Municipal Joint Action Water Agency (JAWA) – Continued

In accordance with the joint venture agreement, the Village remitted \$9,910,978 to JAWA for the year ended April 30, 2020. All payments were paid from the Waterworks and Sewerage Fund.

Solid Waste Agency of Northern Cook County (SWANCC)

The Village is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of twenty-three municipalities. SWANCC is a municipal corporation and public body politic established pursuant to the Constitution Act of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended.

SWANCC is empowered to plan, construct, finance, operate, and maintain a solid waste disposal system to serve its members. SWANCC is governed by a Board of Directors which consists of one appointed representative from each member municipality. Each Director has an equal vote. The officers of SWANCC are appointed by the Board of Directors.

The Board of Directors determines the general policy of SWANCC, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of bonds or notes by SWANCC, adopts by-laws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the SWANCC agreement or the by-laws. Separate audited financial statements are available at 77 West Hintz Road, Suite 200, Wheeling, Illinois 60090.

SWANCC's bonds are revenue obligations. They are limited obligations of SWANCC, with a claim for payment solely from and secured by a pledge of the revenues of the system, and amounts in various funds and accounts established by SWANCC resolutions. SWANCC has no power to levy taxes.

Revenues of the system consist of: (a) all receipts derived from Solid Waste Disposal Contracts or any other contracts for the disposal of waste; (b) all income derived from the investment of monies; and (c) all income, fees, service charges, and all grants, rents, and receipts derived by SWANCC from the ownership and operation of the system.

SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

SWANCC has entered into Solid Waste Disposal Contracts with the member municipalities. The Contracts are irrevocable, and may not be terminated or amended, except as provided in the Contract. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual cost of the system.

NOTE 4 – OTHER INFORMATION – Continued

JOINTLY GOVERNED ORGANIZATION – Continued

Solid Waste Agency of Northern Cook County (SWANCC) – Continued

The obligation of the Village to make all payments as required by this Contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under this Contract.

The payments required to be made by the Village under this Contract are required to be made solely from revenues to be derived by the Village from the operation of the Municipal Waste System Fund. The Village is not prohibited by the Contract from using any other funds to make the payments required by the Contract. The Contract shall not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

In accordance with the joint venture agreement, the Village remitted \$624,630 to SWANCC for the year ended April 30, 2020, which is recorded in the Village's Green Fund.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund, a defined benefit agent multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan, and the Fire Pension Plan which is a single-employer pension plan. A separate report is issued for the Police Pension Plan and Fire Pension Plan and may be obtained by writing to the Village at 901 Wellington Avenue, Elk Grove Village, Illinois 60007-3499. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

The aggregate amount of net pension liabilities, deferred items, and pension expense recognized for the three pension plans is:

	Net Pension Liability	Deferred Outflows	Deferred Inflows	Pension Expense
IMRF	\$ 1,315,015	1,660,637	3,884,413	2,017,757
Police Pension	54,963,875	10,838,221	9,261,968	5,851,056
Firefighters' Pension	68,261,542	19,304,005	6,500,266	10,454,886
	<u>124,540,432</u>	<u>31,802,863</u>	<u>19,646,647</u>	<u>18,323,699</u>

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions

Plan Administration. All employees (other than those covered by the Police and Firefighters' Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Descriptions – Continued

Plan Membership. As of December 31, 2019, the measurement date, the following employees (which includes the Library) were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	235
Inactive Plan Members Entitled to but not yet Receiving Benefits	67
Active Plan Members	<u>170</u>
Total	<u><u>472</u></u>

Contributions. As set by statute, the Village’s Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2020, the Village’s contribution was 11.66% of covered payroll.

Net Pension Liability. The Village’s net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	3.35% - 14.25%
Cost of Living Adjustments	2.50%
Inflation	2.50%

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Descriptions – Continued

Actuarial Assumptions – Continued. For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	28.00%	3.25%
Domestic Equities	37.00%	5.75%
International Equities	18.00%	6.50%
Real Estate	9.00%	5.20%
Blended	7.00%	3.60% - 7.60%
Cash and Cash Equivalents	1.00%	1.85%

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the Village calculated using the discount rate as well as what the Village's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability/(Asset)			
Village	\$ 10,931,852	1,315,015	(6,672,283)

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan

Plan Descriptions

Plan Administration. The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village Mayor, one member is elected by pension beneficiaries and two members are elected by active police employees.

Plan Membership. At April 30, 2020, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	80
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>90</u>
Total	<u><u>170</u></u>

Benefits Provided. The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements
April 30, 2020

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan – Continued

Plan Descriptions – Continued

Benefits Provided – Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended April 30, 2020, the Village's contribution was 46.26% of covered payroll.

Concentrations. At year-end, the Pension Fund does not have any investments over 5 percent of the net plan position available for retirement benefits (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

**Notes to the Financial Statements
April 30, 2020**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan – Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of April 30, 2020, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.00%
Salary Increases	Graded by Years of Service
Cost of Living Adjustments	2.25%
Inflation	2.25%

Mortality rates were based on an RP2014 Base Rates with Blue Collar Adjustment Projected from 2013 with Scale MP2018 Fully Generationally.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Fire Pension Plan

Plan Descriptions

Plan Administration. The Fire Pension Plan is a single-employer defined benefit pension plan that covers all sworn firefighter personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village Mayor, one member is elected by pension beneficiaries and two members are elected by active fire employees.

Plan Membership. At April 30, 2020, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	93
Inactive Plan Members Entitled to but not yet Receiving Benefits	2
Active Plan Members	<u>88</u>
Total	<u><u>183</u></u>

Benefits Provided. The following is a summary of the Fire Pension Plan as provided for in Illinois State Statutes.

The Fire Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Fire Pension Plan – Continued

Plan Descriptions – Continued

Benefits Provided – Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Fire salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions. Covered employees are required to contribute 9.455% of their base salary to the Fire Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended April 30, 2020, the Village's contribution was 48.54% of covered payroll.

Concentrations. At year-end, the Pension Fund does not have any investments over 5 percent of the net plan position available for retirement benefits (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Fire Pension Plan – Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of April 30, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.00%
Salary Increases	Graded by Years of Service
Cost of Living Adjustments	2.25%
Inflation	2.25%

Mortality rates were based on an RP2014 Base Rates with Blue Collar Adjustment Projected from 2013 with Scale MP2018 Fully Generationally.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended April 30, 2020, the Village recognized pension expense of \$10,454,886. At April 30, 2020, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Difference Between Expected and Actual Experience	\$ 11,357,011	(2,557,935)	8,799,076
Change in Assumptions	3,214,907	(3,532,770)	(317,863)
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	4,732,087	(409,561)	4,322,526
Total Deferred Amounts Related to Fire Pension	<u>19,304,005</u>	<u>(6,500,266)</u>	<u>12,803,739</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Fiscal Year		Net Deferred Outflows of Resources
2021	\$	3,826,597
2022		2,194,955
2023		2,997,216
2024		2,138,396
2025		957,317
Thereafter		<u>689,258</u>
Total		<u>12,803,739</u>

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The Village’s defined benefit OPEB plan, Village of Elk Grove Village Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general and public safety employees. RBP is a single-employer defined benefit OPEB plan administered by the Village. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the Village Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides the continuation of health care benefits to employees who retire from the Village. Retirees contribute 100% of the premium for the level and type of coverage. The Village pays 100% of the cost of coverage for Duty Disabled officers eligible for PSEBA benefits.

Plan Membership. As of April 30, 2020, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	78
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>346</u>
Total	<u>424</u>

Total OPEB Liability

The Village’s total OPEB liability of \$18,744,860 was measured as of April 30, 2020 and was determined by an actuarial valuation as of that date.

VILLAGE OF ELK GROVE VILLAGE, ILLINOIS

Notes to the Financial Statements

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Total OPEB Liability – Continued

Actuarial Assumptions and Other Inputs. The total OPEB liability in the April 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.50%
Salary Increases	3.50%
Discount Rate	2.92%
Healthcare Cost Trend Rates	7.50% for 2019, decreasing 0.25% per year to an ultimate rate of 6.50% for 2023 then decreasing 0.50% per year to an ultimate rate of 5.00% for 2026 and after
Retirees' Share of Benefit-Related Costs	100% of Projected Health Insurance Premiums for Retirees

The discount rate was based on the expected rate of return associated with funded benefits, and for unfunded benefits, the 20-year muni bond rates.

Mortality rates were based on the RP-2014 blue collar base rates projected to 2018 using improvement scale MP-2018.

Change in the Total OPEB Liability

	<u>Total OPEB Liability</u>
Balance at April 30, 2019	\$ 15,542,010

Total Deferred Amounts Related to OPEB	1,873,648	-	1,873,648

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year		Net Deferred Outflows of Resources
2021	\$	222,509
2022		222,509
2023		222,509
2024		222,509
2025		222,509
Thereafter		761,103
Total		1,873,648

REQUIRED SUPPLEMENTARY INFORMATION

REQUIRED SUPPLEMENTARY INFORMATION

Notes to the Required Supplementary Information – Budgets

Budgets are adopted on a basis consistent with generally accepted accounting principles, except the proprietary funds which adopts a current financial resources measurement focus budget in that depreciation is not budgeted and capital outlay is budgeted. Annual appropriated budgets are adopted for the General, Special Revenue, Debt Service, Capital Projects, Enterprise and the Internal Service Fund. All annual appropriations lapse at fiscal year end. As a management planning tool, budgets are also prepared for the trust funds.

The Village follows the procedures noted below in establishing the budgetary data reflected in the financial statements.

1. The Village Manager submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures/expenses and the means of financing them.
2. Public hearings are conducted.
3. The budget is legally enacted by approval of the Board of Trustees.
4. The budget was amended during the year by the Board of Trustees.
5. The level of control (level at which expenditures may not exceed budget) is the department. Management may transfer amounts between line items so long as the total department budget is not revised. Budget amendments which increase the total amount of a department's budget must be approved by the Village Board.

MAJOR GOVERNMENTAL FUNDS

General Fund

To account for resources traditionally associated with governments that are not required to be accounted for in another fund.

Business Leaders Forum Fund

To account for the operations of the Village's investment in the Business Park. Financing is provided by a tax assessed on telecommunication services.

Capital Projects Debt Fund

To accumulate monies for payment of General Obligation Bonds. Financing is provided by annual property tax levy. The Village of Elk Grove reports only one (1) debt service fund which includes the series itemized below.

Series 2012 – issued in serial bonds due in annual installments until maturity in 2026. The bonds were issued to advance refund outstanding portions of the Series 2003A and 2007 General Obligation Bonds and to pay the costs of various projects included in the capital improvements plan.

Series 2013 – issued in serial bonds due in annual installments until maturity in 2038. The bonds were issued to finance improvements to the Village's Stormwater Drainage System and Sanitary Sewer System.

Series 2017 – issued in serial bonds due in annual installments until maturity in 2038. The bonds were issued to finance improvements to the Village's fire stations, road improvements and other capital infrastructure projects.

Series 2017A – issued in serial bonds due in annual installments until maturity in 2031. The bonds were issued to advance refund outstanding portions of the Series 2010 General Obligation Bonds and to pay the costs of various projects included in the capital improvements plan.

MAJOR GOVERNMENTAL FUNDS

General Fund

To account for resources traditionally associated with governments that are not required to be accounted for in another fund.

Business Leaders Forum Fund

To account for the operations of the Village's investment in the Business Park. Financing is provided by a tax assessed on telecommunication services.

Capital Projects Debt Fund

To accumulate monies for payment of General Obligation Bonds. Financing is provided by annual property tax levy. The Village of Elk Grove reports only one (1) debt service fund which includes the series itemized below.

Series 2012 – issued in serial bonds due in annual installments until maturity in 2026. The bonds were issued to advance refund outstanding portions of the Series 2003A and 2007 General Obligation Bonds and to pay the costs of various projects included in the capital improvements plan.

Series 2013 – issued in serial bonds due in annual installments until maturity in 2038. The bonds were issued to finance improvements to the Village's Stormwater Drainage System and Sanitary Sewer System.

Series 2017 – issued in serial bonds due in annual installments until maturity in 2038. The bonds were issued to finance improvements to the Village's fire stations, road improvements and other capital infrastructure projects.

Series 2017A – issued in serial bonds due in annual installments until maturity in 2031. The bonds were issued to advance refund outstanding portions of the Series 2010 General Obligation Bonds and to pay the costs of various projects included in the capital improvements plan.

Capital Projects Fund

To account for the purchase, maintenance, or construction of major capital projects in the Village. Projects are financed by federal and state grants and proceeds of General Obligation Bonds.

Grove Mall Redevelopment Fund

To account for the purchase, maintenance, and redevelopment expenditures associated with the Grove Mall property.

Busse/Elmhurst Redevelopment Fund

To account for the purchase, maintenance, and redevelopment expenditures associated with the Busse/Elmhurst redevelopment project area.

Higgins Road Corridor Redevelopment Fund

To account for the purchase, maintenance, and redevelopment expenditures associated with the Higgins Road Corridor redevelopment project area.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Motor Fuel Tax Fund

To account for the operations of street maintenance as approved by the Illinois Department of Transportation. Financing is provided by the Village's share of state gasoline taxes.

Green Fund

To account for the operations of the Village's solid waste and recycling programs. Revenue is generated by tipping fees paid by the waste hauler and the sale of recycled materials. The name on this fund changed to the "The Green Fund" effective May 1, 2017.

Asset Seizure

To account for the operations of law enforcement asset seizures and forfeitures. Financing is provided by the confiscation of criminal assets under guidelines established by State of Illinois Compiled Statutes Chapter 56 ½, Paragraph 15.05, and/or United States Title 21, USC 881. State law requires monies received under Paragraph 15.05 be used for drug related law enforcement. Monies from federal seizure can be used for any general law enforcement purpose.

Foreign Fire Insurance Tax Fund

To account for receipts and disbursement of Foreign Fire Insurance Tax funds.

Cable Television Fund

To account for the operations of the Village's cable television station. Channel 6 funding is provided by cable franchise fees.

Capital Projects Funds

Devon/Rohlwing Redevelopment Fund

To account for the purchase, maintenance, and redevelopment expenditures associated with the Rohlwing Grove Shopping Center property.

Residential Enhancement Fund

To account for the operations of the Village's Residential Enhancement Programs adopted by the Village Board of Trustees in December of 2000.

PROPRIETARY FUNDS

Enterprise Fund

Waterworks and Sewerage Fund

To account for the provision of water and sewer services to the residents and businesses of the Village. All activities necessary to provide such services are accounted for in this fund, including administration, operations, maintenance, billing and collection.

Internal Service Fund

Capital Replacement Fund

To account for the acquisition of vehicles and equipment with a minimum cost of \$50,000 and an estimated useful life of at least five (5) years, financed by charges to the general fund. This fund is reported as part of the governmental activities on the government-wide financial statements as it provides services to the Village's governmental funds/activities.

FIDUCIARY FUNDS

Pension Trust Funds

Police Pension Fund

To account for the accumulation of resources to be used for retirement annuity payments at appropriate amounts and times in the future. The fund does not account for the administrative costs of the fund, which are borne by the General Fund. Resources are contributed by employees at rates fixed by state law and by the Village at amounts determined by an annual actuarial valuation or update.

Fire Pension Fund

To account for the accumulation of resources to be used for retirement annuity payments at appropriate amounts and times in the future. The fund does not account for the administrative costs of the fund, which are borne by the General Fund. Resources are contributed by employees at rates fixed by state law and by the Village at amounts determined by an annual actuarial valuation or update.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

September 22, 2020

The Honorable Village Mayor
Members of the Board of Trustees
Village of Elk Grove Village, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Elk Grove Village, Illinois, as of and for the year ended April 30, 2020, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated September 22, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Lauterbach & Amen, LLP
LAUTERBACH & AMEN, LLP

LONG-TERM DEBT

To account for the non-current portion of the Village's long-term obligations payable by governmental funds.

Data Source: Office of the County Clerk

(1) The figures represent equalized assessed values from 2019.

(2) The figures represent the totals of numerous parcels with a 2010 EAV of approximately \$75,000 or more as recorded in the Cook and DuPage County Assessor's offices.

(3) Previously Draper and Kramer, Inc.

Note: Every effort has been made to report the largest taxpayers. However, the taxpayers listed may own multiple parcels in the Village and it is possible that parcels with a small EAV have been overlooked. Thus, the valuations presented herewith have been noted as approximations.

TAX BASE DISTRIBUTION

Village of Elk Grove	Tax Levy Year 2019	Percent of Total
Cook County	2,115,562,609	94.29%
DuPage County	128,061,590	5.71%
Total	2,243,624,199	100.00%

Notes:

¹ Effective in 2009, property in Cook County is separated into two classifications for assessment purposes: 10% for residential, and 25% for commercial and industrial property. Previously, there were six classifications. After the assessor establishes the fair market value of a parcel of land, that value is multiplied by one of the classifications percentages to arrive at the assessed valuation for that parcel. The Illinois Department of Revenue furnishes each county with an equalization factor to equalize the level of assessment between counties. After the equalization factor is applied, the valuation of the property for taxing purposes has been established. The tax rates are applied to the equalized valuation.

² Under the current triennial reassessment system in Cook County, one-third of the County is reassessed each year. The Cook County portion of the Village was reassessed in 2019 (Elk Grove Township) and 2019 (Schaumburg Township). The DuPage County portion of the Village was reassessed in 2019 (Addison Township).

³ Includes three major categories of exemptions: Senior Citizen's Homestead Exemption (\$26,353,573 in 2019) Senior Citizen's Tax Freeze Homestead Exemption (\$28,994,631 in 2019) and Homeowner Exemption (\$94,338,196 in 2019). The Senior Citizen's Homestead Exemption is a reduction of \$8,000 (current through tax levy year 2019) in the equalized assessed valuation of real property owned and occupied by a person 65 years of age or older. The Senior Citizen Tax Freeze Homestead Exemption provides that persons 65 years of age or older with a household income of less than \$65,000 (current through tax levy year 2019) may receive an exemption in the amount of the difference between the property's current EAV minus the frozen base year (the property's prior year's EAV for which the applicant first qualifies for the exemption). The Homeowner Exemption is available to owner occupied residential properties and provides exemption up to a maximum \$10,000 reduction in EAV.

⁴ The Equalized Assessed Valuation for which the Village receives its portion of the total tax rate for all non-TIF purposes is shown in the column 'Net for General Taxing Purposes.' By 2019 valuation, 76.03% of the Village is in Elk Grove Township (Cook County), 18.14% is in Schaumburg Township (Cook County) and 5.71% is in Addison Township (DuPage County). The valuation in DuPage County as a percentage of the Village total over the last five years is as follows:

2015	\$105,524,190 (6.21%)
2016	\$111,551,130 (5.91%)
2017	\$118,710,100 (6.24%)
2018	\$122,703,380 (6.40%)
2019	\$128,061,590 (5.71%)

⁵ The Village's tax rate is extended against its entire Equalized Assessed Valuation ('Total for All Taxing Purposes') excluding only the statutory exemptions. Of the taxes collected, that portion applicable to incremental valuation (TIF) is remitted to the Village by the County Collector for deposit in the applicable tax allocating fund.

		Total		\$ 406,939,288	18.14%

Notes:

¹ Source: Cook and DuPage County Treasurers' Offices. Taxes collected in Cook County, including late payments, are shown as collections in the year when due, regardless of when the collection occurs. The 'Total Taxes Collected' is not the same as distributions to the Village as collections include taxes paid under protest. When the taxes paid under protest are remitted, they are not included as taxes collected since they have already been considered collected. Cook County property taxes are payable in two installments: March 1 and the second on the latter of August 1 or 30 days after the mailing of tax bills. The second installment is based on the current levy, assessment and equalization and reflects any changes from the prior year in those factors.

² The figures presented are totals of numerous parcels with a 2019 EAV. Every effort has been made to report the largest taxpayers. However, the taxpayers listed may own numerous parcels in the Village and it is possible that parcels with a small EAV have been overlooked. Thus, the valuations presented here have been noted as approximations.

³ Previously Draper and Kramer, Inc.

CAPITAL ASSETS AS OF APRIL 30, 2020

	Governmental Activities ¹	Business-Type Activities	Total

¹ Capital assets used in government fund type operations are accounted for in the General Capital Assets Account Group rather than in governmental funds. All capital assets are valued at historical cost or estimated historical cost if actual cost is not known. Contributed capital assets are recorded at their fair market value on the date donated. Public domain (infrastructure) capital assets include steets and gutter, bridges and culverts, and storm sewers. This table excludes the general capital assets of the Elk Grove Village Public Library. Capital assets in the Proprietary Funds are valued at historical cost or estimated historical cost. Depreciation on all exhaustible capital assets is charged as an expense against operations. Depreciation is provided over the estimated useful life of the asset using the straight-line method.

Notes:

¹ These condensed financial statements for the fiscal years ending April 30, 2015 through April 30, 2019, have been prepared from the full Comprehensive Annual Financial Reports of the Village of Elk Grove Village and do not purport to be complete audits. The full financial statements, together with the report of the Village's independent accountants, are available upon request. The accounting policies of the Village conform to generally accepted accounting principles as applied to governmental units. The accounts of the Village are organized on the basis of funds and account groups. A fund is a separate accounting entity with a self-balancing set of accounts. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. The various funds are grouped into three broad categories: Governmental Funds, Proprietary Funds and Fiduciary Funds. The Governmental Funds include the General Fund which is used to account for all financial resources except those required to be accounted for in another fund; Special Revenue Funds which are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes; Debt Service Funds and Capital Project Funds. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus, which has only current assets and current liabilities on the balance sheet and operating statements present increases and decreases in net current assets. All proprietary and fiduciary funds are accounted for on a flow of economic resources measurement focus with all assets and liabilities associated with the operation of these funds included on the Statement of Net Position. Proprietary and fiduciary fund operating statements present increases and decreases in net position. The modified accrual basis of accounting is followed for all governmental fund types and expendable trust funds in the fiduciary funds category. All remaining fiduciary funds and proprietary funds are accounted for using the full accrual basis of accounting. The Report of Independent Auditors in the Village's basic financial statements for the fiscal year ended April 30, 2019 included the following language:

"In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Elk Grove Village, Illinois, as of April 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America."

Comparable clean opinions were included in the Village's 2015-2019 audits shown in the table.

² The Business Leaders Forum Fund (BLF) receives 50% of the revenue derived from the Village's 6.00% simplified telecommunications tax that became effective January 1, 2003 as well as interest earned on the BLF Fund. Formerly known as the Industrial/Commercial Revitalization Commission Fund, the BLF was established in early 2015.

³ The Cable Television Fund was added in Fiscal Year 2003 after being taken over from the Elk Grove Park District.

⁵ Property tax receipts in the Capital Projects Fund represent incremental property taxes in the Grove Mall Development, Devon/ Rohlwing Redevelopment, Busse/Elmhurst Development and Higgins Corridor Development Funds. The Grove Mall Development Fund was created when the Village advanced funds from the General Fund to provide for the acquisition of an underdeveloped/underutilized shopping center and the redevelopment of that property into a 'town center'. The Grove Mall Development TIF was established in 1996. The Grove Mall Development Fund has an April 30, 2020 fund balance deficit of \$675,642 up from a \$1,023,858 deficit the prior year. The General Fund fund balance at April 30, 2020 showed \$6,375,593 as nonspendable of which \$5,192,365 is shown as an offsetting amount as 'Advances to Other Funds' that reflects the loan from the General Fund, which is on a 20 year repayment schedule. As of April 30, 2020, the other Capital Projects Funds has fund balances as follows:

Capital Projects Fund:	\$33,440,030
Residential Enhancement Fund:	\$1,581,637
Grove Mall Development Fund:	\$(675,642)
Devon/Rohlwing Redevelopment Fund:	\$(272,672)
Busse/Elmhurst Redevelopment Fund:	\$(14,022,556)
Higgins Road Corridor Redevelopment Fund:	\$(19,980,579)
Combined Fund Balance:	\$70,218

⁶ The amounts shown as fund balances for the Proprietary Funds are fund equity (includes contributed capital) and the amounts shown as excess revenues represent changes in fund equity. Total revenues represent operating revenues.

⁷ The Capital Replacement Fund receives transfers from the General Fund and effectively serves as a depreciation fund for the acquisition of capital equipment.

⁸ The Component Unit for Public Library Net Position on April 30th, 2015 was restated as \$6,753,802.

⁹ The Waterworks and Sewerage Business-Type Activities Net Position on April 30th, 2015 was restated as \$32,913,051

Notes:

¹ The Village Manager submits a proposed operating budget to the Board of Trustees that includes proposed expenditures and the means of financing the same. Subsequent to budget hearings, the budget is legally enacted through passage of an ordinance. The Village Manager is authorized to transfer budgeted amounts between accounts at the department level within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Trustees. Budgets are adopted on a basis consistent with generally accepted accounting principles.

² These condensed financial statements for the General Fund for the years ending April 30, 2014 - 2019, have been prepared from the full Comprehensive Annual Financial Reports of the Village of Elk Grove Village and do not purport to be complete financial statements. The full financial statements, together with the report of the Village's independent auditors, are available upon request.

³ The Village has not availed itself of the up to 5.00% utility tax for charges on electric and water services. Effective January 1, 2003, a 5.00% simplified telecommunications tax was implemented and allocated for deposit as follows: Business Leaders Forum Fund (3.00%) and General Fund (2.00%). Effective July 1, 2017, the telecommunications tax increased to 6.00% with the additional 1.00% allocated into the Capital Projects Fund.

⁴ Effective May 1, 2017, the Village increased the Natural Gas Use Tax by \$0.01 per therm for a total of \$0.02 per therm. Effective January 1, 2014, the Village implemented an Electric Use Tax with the rate dependent upon monthly consumption. Effective dates of Home Rule Sales Tax:
 September 1, 1991: 0.50%
 January 1, 2003: 0.75%
 July 1, 2004: 1.00%

⁵ Effective August 1, 1998, the Village implemented a 1.00% home rule tax on the sale of prepared food and alcoholic beverages.

⁶ Effective September 25, 2007, the Village increased the Hotel/Motel Tax 1.00% for a total of 6.00% in order to pay expenses associated with the Tour of Elk Grove bike race.
