- If your lacking something from me let me know

Lt Comments:

3rd shift Lts requests

I think we should bring back the acting B/C criteria. We are putting guys in the buggy that have trouble doing their job as a lieutenant.

1. Status of Elk Grove Township
 - i. How and who will respond to ambulance calls, fires, etc..?

2. What are the officers doing right?
3. Where can we improve?
4. When will the acting B/C program start? What will it entail?
5. Where do the Chiefs see the department in 5 years? How can the officers help get us there?

I would like to discuss officers enforcing standards and expectations. We are all guilty of this but holding each other, and our crews accountable is lacking.
